

OXFORD HIM SERVICES

Oxford HIM offers flexible coding, auditing, and interim management staffing solutions that are cost-effective and bring reimbursement value to your organization. We provide local, regional, and travel professionals to a variety of healthcare facilities through contract staffing and direct hire alternatives.

We support our clients with qualified professionals in the following areas:

SERVICES

- **Audit & Compliance** – monthly, quarterly, and biannual audit support services
Our audit and compliance service will help you achieve your goals by covering inpatient and outpatient coding compliance, ICD-10, ICD-9-CM, CPT, and HCPCS for a wide range of healthcare facilities.
- **On-site and Remote Coding**
We provide AHIMA credentialed (RHIA, RHIT, CCS) and AAPC credentialed (CPC, COC) professionals for backlog support, medical and extended leaves of absence, ICD-10 transitions as well as EHR projects.
- **Clinical Document Improvement (CDI)**
We have CCDS credentialed candidates and CDI practitioners to help resolve documentation gaps, address CMS mandates for MS-DRG assignment, provide accurate POA coding, and assist with RAC preparedness.
- **Certified Tumor Registrar (CTR)**
We provide credentialed CTR professionals for case findings; abstracting; tumor conference, cancer committee, and survey prep; SAR completion; NCDB data submission and state reporting; and policy and procedure writing.
- **Interim Management**
Our AHIMA credentialed (RHIA, RHIT, CCS) Regional HIM Directors, HIM Directors, HIM Managers, Coding Managers, and Coding Supervisors can quickly step in to oversee your team.
- **ICD-10 Transition and Training Support**
During your ICD-10 transition we can provide qualified staff to prevent backlogs, and offer dual coding support (ICD-9 and ICD-10) while your internal coders are training and becoming acclimated to the new standards.
